## Fairfield Town Council Acts On Citizens' Petition To Install Water System; See Engineer

With a petition before them signed by about 60 residents of the community asking "prompt and vigorous action for the installation of a proper and adequate water system," the Fairfield Borough Council at a session Monday evening that ran until 11 o'clock directed its president, Harper Heiner, to confer today with a water engineer.

The August meeting of the borough council followed a citizens' meeting in the fire hall, called jointly by the borough council and the Fairfield Chamber of Commerce, to talk over the need for a borough water supply as pointed up by Sunday's fire that destroyed the Fairfield Shoe Company plant with a \$1,500,000 loss.

As the meeting was being held clouds of smoke from the smoldering ruins of the factory hung over the west end of the town. Twice during the evening Fairfield firemen returned to the factory site to pour more water on the smoldering heaps of rubber heels and stacks of shoe leather.

In Harrisburg Today  
Today President Harper Heiner, Councilman Cleason Herring and possibly a representative of the Chamber of Commerce were to go to Harrisburg to confer with Engineer William Sees, who has previously made studies of the possibilities of water and sewage systems for Fairfield. Those previous efforts — which were reported at the citizens' meeting as dating from 1910 — have bogged down.

Council further directed that after today's conference, Mr. Sees be asked to consult with Attorney Charles W. Wolf, attorney for the borough. Then there will be conferences with Fairfield council when Mr. Sees has estimates complete on the cost of installing a water system in Fairfield.

From that point council now plans to investigate the possibility of marketing bonds to finance the installation of a water system. If bonds cannot be sold, the suggestion was made Monday that the possibility of a property assessment be considered as a means of raising part of the sum that will be necessary.

## Finds Lost Camera At Police Station

The finder and the owner of a lost camera arrived almost simultaneously in local police headquarters Monday afternoon.

Mrs. Dale Eckert, Biglerville R. 1, reported finding a camera on the back fender of her car while it was parked in Lincoln Square. A few minutes later, H. T. Criswell, of Narberth, arrived to ask if a camera has been found.

He described the object, and said he had placed it on the fender of another car, parked in Lincoln Square, while he locked his car. Then he walked off and forgot the camera.

## PUERTO RICAN IS FINED

Pablo Mateo, Puerto Rican laborer engaged in farm work in the county, paid a fine of \$10 and costs before Justice of the Peace John H. Basehore on Monday on a disorderly conduct charge. He had been arrested Saturday by borough police and placed in jail for his appearance before the justice.

## Scarcity Of Help Curtails Carnival At Bendersville

By Leighton C. Taylor

The Bendersville Community Fire Company's Annual Carnival will be held Thursday, Friday, and Saturday evenings.

Robert Orner, the Company's President, and his Carnival Committee, Parker Kuntz, Harry Leew, Ward Taylor, Leroy Routson, Carl Taylor, Marshall Kuntz and Earl Starner have been working long hours to make this one of the Company's most successful events.

Scarcity of help necessitates a 3-evening schedule instead of 6, which prevailed the past 2 or 3 years. This necessarily will mean an appreciable reduction in receipts, and at a time when the Company must secure sufficient funds (\$15,000) to pay for a new

## ROTARIANS HEAR ABOUT N. WALES FROM STUDENT

Robert Lloyd-Jones, Welsh student visiting the U. S. this summer as guest of the local Rotary Club, compared his home country of North Wales with this section of America at Monday evening's meeting of Rotary held at Banker's Restaurant near Cashtown.

The great variety of interests on the part of everyone in America "amazes me," Lloyd-Jones said. He added that he was "equally gratified" at "the great variety of meals here. In Wales our diet is more restricted. Here there are a great number of concoctions presented, making each meal different." Corn on the cob, he said was a "very new experience," sweet corn is not grown in Wales.

From a mountainous section, he is familiar with the cultivation of apples and pears, he added, but said methods used in Wales are different from here, where more extensive use is made of machinery.

Golf Is Family Game  
Queried about golf, he told the Rotarians that golf is more a family game in Wales, with whole families entering the tournaments. He observed that while he plays in the 80s "my sister beats me consistently in tournaments."

School life also differs, with more democracy allowed in American educational methods, the young Welshman said. In Wales, strict discipline is maintained in classrooms; teachers still wear academic garb, and lectures are formal, with no questions allowed. The question periods are held under the tutorial system and not in the classrooms following lectures, he said.

Forty-three attended the meeting, with President John D. Teeter presiding.

Next Monday the club will hold its annual family picnic at the Country Club, with the meal to be served at 6:30 o'clock.

## COUNTY NATIVE KILLS HIMSELF WITH A RIFLE

James M. Hoffman, 50, native of Fairfield, and a tenant farmer near Walkersville, Frederick County, Md., was found dead by members of his family Saturday evening when he returned from a picnic. Frederick County authorities pronounced it a suicide. A rifle bullet had been fired into his head.

He had been apparently in good health and had not complained or appeared despondent, members of his family told the medical examiner. He was found lying in the yard of his home.

He had lived in Frederick County for 14 years and had been employed on the Zimmerman farm for 11 years.

He was a son of Mrs. Annie Bishop Hoffman, Fairfield, and the (Continued on Page 2)

## Fairfield Soldier Gets Combat Badge

Pvt. Kenneth R. Kemper, 21, son of Mr. and Mrs. Isaac Kemper, Fairfield R. 2, recently was awarded the Combat Infantryman Badge for excellent performance of duty under enemy fire in Korea with the 2nd Infantry Division.

Symbol of the front-line soldier, the badge consists of a miniature silver rifle mounted on a blue background and superimposed on a silver wreath.

Private Kemper, a rifleman in Company K, of the 23rd Regiment, also holds the Korean and UN Service Ribbons.

Before entering the Army last November, Kemper was a lineman for the Pennsylvania Power Company in Waynesburg, Pa.

## THREE INJURED AS MAIL TRUCK MOVES HOUSE

A Gettysburg - Harrisburg mail truck driver was injured, his passenger, who was in a cast from a previous injury, was also injured, and a Dillsburg R. 1 resident was hurt when the mail truck struck a car, then continued 300 feet and knocked a house off its foundations Monday evening about 6:30 o'clock one mile south of Dillsburg on the Gettysburg-Harrisburg Rd.

State police said witnesses reported to them that the truck driver, Robert Marion Williams, 25, Enola, enroute from Gettysburg to Harrisburg, was driving at a "terrific rate of speed" when his truck hit the parked car of Mrs. Janet S. Straw, 27, Dillsburg R. 1, and then struck the home of Elton B. Young, near Dillsburg.

Damage to the truck totaled approximately \$2,000. It was owned by L. H. Walker, Camp Hill, and was demolished, police said. Damage to the Straw car was estimated at \$1,500, with the rear end smashed in. Damage to the house was estimated at \$1,700. The cabana-type, one-room structure has been vacated just ten minutes before the crash, when the occupants, Mr. and Mrs. Young, strolled next door to visit a son, Robert Young. The south wall was pushed in and a piano was driven across the room by the impact.

## Took Two To Hospital

Cocklin Brothers ambulance of Dillsburg took the driver of the truck and the passenger to Harrisburg. The passenger, Frank Ryan, Harrisburg, suffered a leg injury, it was said, in the leg already in a cast. He was also described as wearing a body cast for a previous back injury. The driver suffered injuries about the head and was also admitted to the Harrisburg Hospital.

According to the reports by witnesses to police, Mrs. Straw had pulled out from the driveway of her home, 303 feet south of the Young cabana. She drove around in front, with two wheels of the car on the edge of the highway, with the car headed north. She was talking to her husband, who was working in a garden, when Williams, who delivers The Gettysburg Times on a route to Dillsburg, in addition to carrying the mail, tossed the papers off at the home south of the house of Mr. and Mrs. Straw.

## Treated By Doctor

Williams apparently failed to turn out quickly enough, and the side of his truck smashed into Mrs. Straw's car, hurling it 130 feet forward and off the road. The Straw car turned around before coming to rest and headed south. Mrs. Straw suffered bruises and sprains about the shoulder and head and was taken by Robert Young to Dr. William G. Flickinger, York Springs, where she was treated.

Immediate medical attention was given by Dr. Bentz of Dillsburg, to the two men in the truck. Then they were removed to the hospital.

## HOSPITAL REPORT

Admissions: Mrs. Hugh Adelsberger, Fairfield R. 1; Maxine Stewart, Adams House; Miss Virginia Myers, 121 Baltimore St.; Mrs. Howard Stonessier, Littlestown, and James Flynn, Littlestown.

Discharges: Harold Koontz, New Oxford R. D.; Mrs. Richard Tawney, 314 E. Middle St.; Mrs. Fred Seiss and daughter, Thurmont, Md.; and Mrs. Jesse White and son, Gettysburg R. 5.

## REC DANCE THURSDAY

The monthly Recreation dance at the Gettysburg High School cafeteria will be held Thursday evening from 8 to 11 o'clock, it was announced today by Ira Kerr, Recreation director.

## COUNCIL WARNS CHILDREN ABOUT SPRAY TRUCK

Gettysburg Borough Council and the Burgess Monday evening, in connection with the town council meeting, issued warnings concerning children riding behind the borough's mosquito spray apparatus and against burning trash after six o'clock.

Councilmen reported that "a number of children are riding bicycles and running behind the spray truck as it goes around the town spraying the community."

Council President H. M. Oyler said: "DDT is a poison and in the concentration the children are getting by riding behind the sprayer, it is likely to cause some ill effects."

## Ask Parents' Help

Burgess Weaver pointed out: "The children ride in and out of the spray and they can't see, nor can they be seen. Sooner or later some youngster is going to ride out of the spray directly into the path of an automobile and will be badly hurt. There have been some near misses already."

Borough Engineer LeRoy Winebrenner said the operator of the sprayer "has warned the youngsters away—but they pay no attention to him."

The entire council asked parents to warn their children against riding in the fog spray that comes out of the sprayer because of the danger of accident and the danger of ill effects from the concentration of DDT.

Burgess Weaver and several councilmen also joined in warning residents that a borough ordinance prohibits burning trash after 6 o'clock in the evening. Councilmen have received a number of complaints of trash fires being started after that hour, Weaver said.

## LEGION DUES ARE INCREASED DOLLAR A YEAR

By-laws of the Albert J. Lentz American Legion post were changed Monday night, raising the annual dues of the organization from \$2 to \$4.

The vote, by two-thirds of the members present at the meeting, changed article five, section one of the post by-laws. Commander Donald M. Swope explained that the increase was necessary to permit the post to "break even" on its annual expenses. He pointed out that the annual dues have not been raised "since the post was founded shortly after World War I, and costs have increased tremendously as the post has grown and the cost of practically everything has increased."

Adjutant William T. Timmins, Jr., reported that the post ended its Legion year with 1,204 members. Eleven new members accepted Monday night became the first members for 1954. Timmins explained that cards will be issued as soon as they are printed.

## To Aid Korean Drive

The Americanism committee, headed by Lawrence M. Sheads, was named to assist in the American-Korean Foundation drive for rehabilitation of South Korea civilians.

The appointment was made following the reading of a letter from Joseph McCracken, chairman of the Pennsylvania Veterans commission and past state legion commander, asking the posts spearhead the drive to raise funds for the foundation set up at the request of President Eisenhower and the governors of the 48 states.

Commander Swope, Richard Tackett, Vincent Florence and Fred March, who represented the post at the Legion Convention, reported on the results of that meeting. Commander Swope said the (Continued on Page 2)

BERLIN (AP)—Riot guns of Communists invaded West Berlin today and attacked two food stations in an effort to break up the free distribution of American rations to hungry East Germans.

Police swung their clubs in a stiff street battle in the American sector and beat off the Communist storm column. Another Red force which invaded the French sector also was beaten off. The two attacking columns totaled about 6,000 Communists.

"We gave them a good beating," said a West Berlin policeman in the American sector.

Police headquarters said about 50 Communists were arrested in the two clashes and that there were many "broken heads."

## Cornerstone Held Newspapers, Bibles

The Bible and the Star and Sentinel were the two major items in the cornerstone of the Fairfield Shoe Company building, it was found today when the cornerstone was removed during the general "cleaning up" of the fire destroyed structure.

Constructed originally as a Methodist Church, the two story office part of the building had its cornerstone placed in 1876. The stone contained several pennies, and two June 1876 issues of The Star and Sentinel, two Bibles and another Bible dating from 1776.

The Fairfield Shoe Company has opened an office temporarily in the "Village Kitchen" restaurant in Fairfield.

Officials of the company said various employers throughout the county are offering temporary work to the 400 employees of the Fairfield Shoe company while the plant is rebuilt.

## SIXTH ANNUAL COUNTY FAIR TO OPEN AUGUST 11

Plans are nearing completion for the sixth annual Adams County Fair to be held August 11-15 on the Adams County Fairgrounds, midway between Abbottstown and East Berlin. It was announced today by the arrangement committee. A major attraction will be the display of farm machinery, one of the largest to be exhibited since the fair was inaugurated six years ago.

All available space in the exhibition buildings has been filled with a variety of displays including poultry, hogs and cattle. Other entries being placed include assortments of canned fruits and vegetables, quilts, bedspreads, needle work, flowers, potted plants and large numbers of school exhibits.

There are free attractions. On stage in person will be Wilma Lee and Stony Cooper, the "Climb Mountain Clan," and the "Country Harmony Boys," including Monty Bluke, Gene Jenkins, Bill Carver, Bill Chamberlin and Blondie.

Judging will begin August 12 at 9 a.m. There will be a tractor driving contest Friday afternoon at 2:30 o'clock under the direction of John Kraizart. Kiddies' rides will be reduced Saturday afternoon between 2 and 5 o'clock.

Home-cooked meals will be served in the dining room. Admission price to the fair is 50 cents with children under 12 free.

## CAPT. MULLER ASSIGNED TO PACIFIC DUTY

Capt. H. L. Muller, assistant professor of air science and tactics at Gettysburg College, has been transferred for duty with the 15th Fighter Group in the Pacific, Col. Charles Fulton, PAS and T at the college, announced today.

Capt. Muller, son of Mrs. H. L. Muller, York Springs, and the late Col. Muller, has served as assistant air science and tactics professor at the college since August, 1950.

A graduate of West Point with the class of 1944 he served as a B-17 pilot and then served in Korea with the Fifth Air Force, flying B-26s. With the 15th Fighter group he will pilot B-51s.

## To Oklahoma First

Leaving here he will spend five weeks on B-51 training in Oklahoma, then will take further training at Langley Field after which he will be at the Air Force School of Survival for two weeks before leaving for the Pacific area. He was also at Virginia Military Academy and with the Air Training Command before being stationed here. Capt. (Please Turn to Page 5)

## SMOKE CONTROL AND APPEAL ON DAMAGE AWARD BEFORE COUNCIL

Problems concerning the appeal of the decision of the board of view concerning damages to the property of John Stevens, Carlisle St., and a petition concerning an alleged nuisance caused by soot from the Victor Products Company were turned over to committees for action by the borough council at its meeting Monday night in the Council Chambers in the local engine house.

One hundred and six signed the petition concerning soot alleged to come from the Victor Products plant. The petition stated: "We, the undersigned feel that the Victor Products Company and the town council should do something about the terrific dirt and cinders that are coming out of the Victor Products chimney. We believe that the town ordinance provides that any business that is a nuisance to any number of people, or that is unhealthy to the same, should take action to remedy the situation. The cinders that have been coming out of the chimney for the past month are certainly not only unhealthy but are ruining clothes, furniture, cars and buildings. At least one-third of the population of Gettysburg is being affected by this dirt. We would appreciate immediate action. A copy of this petition is being sent Victor Products Corporation."

## Don't Have Ordinance

C. W. Epley Jr., presented the petition for the residents of the area. Asked whether the condition had grown worse in the past month, Epley said his particular problem occurred in the spring and fall, "when there is a lot of dew on the cars and this stuff sticks." When council members inquired whether the condition could be traced to the Victor Products smoke stack, Epley said he had called Councilmen John Millard into consultation and as they stood at the Epley garage "smoke was coming from the stack, and John and I only had to hold our hands out, and the soot came down into our hands."

Borough Solicitor Eugene V. Bulleit pointed out that the borough has never passed an ordinance concerning soot and smoke. The council then turned the matter over to the health committee.

Councilmen L. D. Shealer and James Shenk, members of the committee, were asked to study the problem, determine whether the soot was actually coming from the Victor Products stack, and report back on whether a soot and smoke ordinance is needed by the town, and what the ordinance should cover.

## "May Clear Up"

Council President H. M. Oyler said "this problem may clear up. Council had a number of complaints of soot from the furniture company stacks, but that was cleared up and we haven't had any recent complaints." He added that he "didn't know what changes were made" at the furniture factories but said that the council had had no further complaint there.

The matter of the appeal by the borough to the county court from the decision of the viewers in the Stevens property led to some rapid-fire discussion by council. Attorney Bulleit said he sought the opinion of council on whether the appeal should be continued. Mr. and Mrs. Stevens had appealed for damages to their property on Carlisle St. caused by the re-grading of Carlisle St. The viewers awarded the couple \$1,000 in damages, and the borough then appealed that award.

## "People Think We Should Pay"

President Oyler suggested that the matter be turned over to the highway committee, empowering the committee to instruct the solicitor whether to continue with the appeal or not.

Councilman John Fox asked: "Don't you think we are going to have to pay it? If you take it to court where are you going to get a jury to back us up?"

Attorney Bulleit interposed that he was seeking instruction in the matter. Fox added: "I've talked to a lot of people, not just five or six, and they think we should pay."

Councilman L. D. Shealer held, "I think the whole council should decide. Not just a committee."

Bulleit told the group: "We have filed objections and that carries us so far. If the committee or council decides to drop the matter, we can. If you decide to continue, we can."

Councilman Kenneth John and President Oyler, when Shealer continued to insist that the matter should be left up to the council as a whole, asked: "How can we help (Continued on Page 7)

## FIX DILLSBURG DAMAGES

Damages of \$1,750 will be paid by Dillsburg Borough Authority to Howard J. Hoover for a sewer right of way across his property in the borough under terms of a viewer's report confirmed by York County court Monday. The amount was fixed by a board composed of Attorney Charles H. Still, Dale D. Kilgore and William F. Fry.

## Weds Couple Then Hears Marital Woes

Both "ends" of the "marriage business" were exemplified before Justice of the Peace John H. Basehore this morning.

At 10 o'clock James Martin Brennan, Palmyra auto mechanic, and Kathryn Jane Kauffman, Elizabethtown R. 1, appeared before the justice to be married.

Basehore had no more than "tied the knot" for the couple when Sheriff Dorsey J. Schultz arrived with Eugene Imier, North St., McSherrystown, for a hearing on a desertion and non-support charge.

Basehore congratulated the bride and bridegroom, then held Imier under \$500 bail to appear in August court for failing to support his family.

## NICKEL METERS WORKING WELL, COUNCIL IS TOLD

Gettysburg's "nickel parking meters" are "working out just as you planned," Burgess William G. Weaver told the borough council at its meeting Monday evening in the fire engine house.

"Collections are up and red tickets are down. We have noticed a great decline in the number of violations and we have noted an increase in collections. We feel that the nickel meters are working out well," Weaver added.

The Burgess' report showed that only 75 parking fines were collected during the past month while the meter fund showed collections of \$2,150. The report showed that all of the meters are now operable only by five-cent pieces. The town changed the meters from the nickel and penny operation to nickel-only machines, by changing 20 meters at a time. The final installations completing the work were made July 29.

## Ten Building Permits

Weaver's was one of a number of regular reports presented to council. His report showed ten building permits had been paid, bringing \$158 into the borough; the theater tax totaled \$378.41; theater licenses \$5; rental of borough equipment, \$18, and a \$5 donation was received for a damaged trash can. Fourteen building permits, for properties scheduled to cost \$149,000, were issued as were 19 digging permits, four permits for rental of equipment (Continued on Page 3)

## FIRE ORIGIN IS NOT KNOWN

The cause of the disastrous fire which destroyed the Fairfield Shoe Company plant Sunday afternoon remains a mystery.

Jack Arms, of the fire marshal's office, Harrisburg, could not be reached by telephone. His office reported early this morning that "he's in the field" and could not state where he could be reached. He investigated the blaze Monday.

Officials of the shoe company declined to discuss the matter with newspaper reporters. All questions and inquiries were referred to the state fire marshal's office.

One unofficial report was that spontaneous combustion caused the blaze, but there was no confirmation of this report.

## FILE STANTON WILL

The will of David E. Stanton, late of Gettysburg, has been entered for probate at the office of the county register and recorder. The Gettysburg National Bank is named as executor of the \$1,390 estate.

## 70 Americans, Prisoners Of Reds, Will Be Freed Tonight

PANMUNJOM (AP)—Four hundred Allied war prisoners—70 of them Americans—come home to freedom in a few hours, opening the happiest postscript to the Korean War—"operation big switch."

The big trade of Allied war prisoners for Red begins tomorrow at 9 a.m. (7 p.m. Tuesday, EST). The Reds are handing over 12,763 captives—3,313 Americans, 8,186 South Koreans, 922 British and 342 from 9 other Allied countries. Four hundred will be freed daily, 100 each hour for four hours.

Some spent almost all 37 months of the Korean War in bleak prison camps in North Korea.

They'll return to freedom at this neutral center where Allies and Reds met for two years and finally wrote an armistice July 27—the ticket to freedom for the POWs.

## Allies To Free 74,000

The Allies are giving the Reds 74,000 prisoners—69,000 North Koreans and 5,000 Chinese—at the rate of 2,400 alive bodied and 360 sick and wounded daily.

## FIVE YEAR OLD FATALLY HURT THIS MORNING

Ronald Levere Stauffer, five-year-old son of Mr. and Mrs. Norman L. Stauffer, Abbottstown, was fatally injured when struck by an auto in Abbottstown at 8:50 o'clock this morning.

State police said the child, his mother and a brother were on the sidewalk, east of the square in Abbottstown, along the Lincoln Highway when the youngster dashed out into the street and was struck by a car operated by Mrs. Helen E. Hypes, 54, Thomasville R. 1.

Police said Mrs. Hypes did not see the child until her car struck him. The boy was removed to the Hanover Hospital in the New Oxford ambulance, but was dead on arrival. He suffered a fractured skull, fracture of the left leg, multiple bruises and cuts of the body and legs.

York County Coroner Lester Sell said an inquest will be held at a later date.

# VETS OF KOREAN WAR MUST ACT EARLY FOR V. A. COLLEGE HELP

Veterans who plan to begin college-level training under the Korean GI Bill in September are reminded that they should not delay in making application to the Veterans Administration for a Certificate for Education and Training. This reminder was made today by Hilmer E. Shirley, chief of the Vocational Rehabilitation and Education Division of the Veterans Administration Regional Office, Wilkes-Barre, Pa.

Early filing of applications will insure receipt of education certificates prior to the starting date of the fall semester, Mr. Shirley said. "Since the veteran must specify the final educational goal he expects to reach by pursuing college-level training, it is important that he select wisely," Mr. Shirley continued, "inasmuch as the Veterans Administration may not approve more than one change of program under any circumstances."

A veteran who is uncertain as to the type of program he should follow will be provided with educational and vocational guidance by the Veterans Administration Counseling Section. The application form provides for such a request, and the veteran will be notified when and where to report for counseling. Any necessary traveling will be at the veteran's expense.

Applications may be obtained from Veterans Administration offices in Wilkes-Barre, Scranton, Williamsport, Harrisburg, Lancaster, Pottsville, Shamokin and York. Counseling units are located in Wilkes-Barre, Williamsport and Harrisburg.

Applications must be accompanied by photostatic or certified copies of discharge from the armed services since June 27, 1950.

# SEN. TAFT IS BURIED TODAY

CINCINNATI (AP)—Sen. Robert A. Taft, the son of a President and one of the nation's leaders in his own right, was buried today in the little community which has claimed him as its own for three decades.

His family and close personal friends were the only ones in attendance as a simple funeral service was read in the little slate-roofed Indian Hill Church.

There were slightly more than 200 persons in the church.

Fifteen miles away in downtown Cincinnati public officials and the public gathered in Christ Church for a memorial service.

Sen. Taft's body was brought back here yesterday after a state funeral in Washington. He died Friday in New York of cancer.

An estimated 15,000 persons viewed the closed bronze casket yesterday evening and last night in a downtown funeral home.

It was seemingly symbolic of Sen. Taft's life and career in public life as the church choir sang the hymn "Fight the Good Fight With All Thy Might" as the opening hymn of the services at the Indian Hill Church.

# Worked At Laundry Under Seven Owners

Ralph M. Trimmer, 62, who died suddenly Sunday morning at his home along the Fairfield Rd. worked at the Gettysburg Steam Laundry under seven owners of that business, starting when Murray Long ran the business, members of the Trimmer family said today. Altogether he worked there for 42 years, most of the time as foreman.

Mr. Trimmer, who had lived here since the age of seven years, had worked for about eight months during World War II at the Blaw-Knox plant at York but returned to the laundry here where he was working when he suffered two heart attacks that caused his retirement six years ago.

In addition to his widow, the former Alma Leach, seven children survive. Funeral services will be held Wednesday afternoon at 2 o'clock at the Peters Funeral Home, Carlisle St.

# Col. Skeele Talks To Local VART Unit

The advantages of the Air Force Reserve program were outlined by Col. Charles W. Skeele, commander of the First Air Reserve District, in a speech Monday evening to members of Flight C, 9010th VART Squadron on the campus of Gettysburg College.

Col. Skeele, who commands 15,000 Reservists in Pennsylvania and Delaware, pointed out that former Air Force officers and enlisted men should avail themselves of the opportunity to gain the advantages offered while they help the nation to build a strong and informed Reserve.

It was announced that a new flight may be formed in Hanover if enough interest is shown. Only 10 men are needed to organize a unit. Tentative headquarters have been arranged for at the American Legion home there.

Next Monday the annual check of records and Reserve inventory will be taken at a meeting in the AFROTC building on the campus.

# Wedding

Moul-Markle

Miss Audrey Myers Markle, Hampton, daughter of Charles Markle, York, and Mrs. William West, Chambersburg, became the bride of William Moul, son of Lawrence Moul, Hampton, Saturday afternoon at 2 o'clock in the Reformed Church, Hampton. The double-ring ceremony was performed by the Rev. Alton Leister before an altar banked with palms, gladioli, snapdragons and phlox. The pianist, Miss Janet Bittinger, accompanied the soloist, Wayne Rogers, Abbottstown, who sang "I Love You Truly," "Because" and "Always" preceding the ceremony and "The Lord's Prayer" during the ceremony. Miss Bittinger played traditional wedding marches.

The bride, given in marriage by her father, wore a ballerina-length gown of white Chantilly lace over net and satin. Her fingertip veil was attached to a headdress of lace and seed pearls and she carried a white Bible and an orchid tied with white streamers to which rosebuds were attached.

# Three Attendants

Miss Mary Moul, Hampton, sister of the groom, was maid of honor. She wore a blue net gown over satin and carried a bouquet of mixed flowers. Her headdress matched the gown.

Mrs. John Gordan, Hampton, and Mrs. Dale Rhoades, Hanover, both sisters of the bride, were the bridal attendants. They wore gowns of yellow and pink respectively made of net and worn over satin. They wore matching headdresses and carried bouquets of mixed flowers.

Roland Gordan, Hampton, was the best man, and the ushers were Dale Rhoades, Hanover, and John Gordan, Hampton. The bride's mother wore a light blue dress, white accessories and a corsage of yellow rosebuds. The mother of the groom wore a navy blue dress, white accessories and a corsage of red rosebuds.

# Reception Is Held

Miss Vivian Gordan, Hampton, niece of the bride, was the flower girl. She wore a white organdy dress and carried a basket of mixed flowers.

After the ceremony a reception was held in the Hampton fire hall for about 100 guests. Later the couple left for a honeymoon in the Poconos. They will reside in their newly-furnished apartment in Hampton upon their return.

The bride, who was graduated from the East Berlin High School in 1951, is employed as a dental assistant by Dr. Allen Reed, Hanover. The groom, who was graduated from the East Berlin High School in 1950, is employed by the D. H. Sharrer Grain and Feed Mill at Hampton.

Round Top 4-H Club  
Prepares Luncheon

A lunch was prepared and served at a recent meeting of the Round Top 4-H Club at the home of Doris and Patsy Stoner. The lunch was prepared by Wilda Simpson, Mildred Treher, Sue Newman and Doris Stoner.

Show and tells were presented by Wilda Stoner and Patsy Stoner for the 10 members who attended. Miss Mary Jane Mickey, home economics extension representative, and Mrs. Glenn Sterner, local leader, also attended.

Shirley Sterner, the president, presided. Arrangements were made for a mother-daughter luncheon August 31 at the home of the local leader. Plans also were made for the 4-H roundup at the Gettysburg High School on August 27. The next meeting will be held at 9 a.m. on August 7 at the home of Judy Welkert.

PHILADELPHIA (AP)—Attendance had dropped off sharply among the 8-year-olds at the Sharon Hill community YMCA's summer recreation club.

Director Pete Ledonn decided to phone the mothers and find out why. He found out. Seems the kids objected to being put in an age-group called "tots" and playing in an area called the "Tot Lot."

Ledonn worked fast. The play area is now called "Indian Village" and its denizens are "beavers."

Attendance is back to normal. Metal defense goods produced in Great Britain in 1952 was worth 1,500 million dollars, three times the value of similar goods in 1950.

will cost the town, which was described as the only borough in the county without water.

If means can't be found to finance the undertaking, there was every indication Monday evening of council's intention of going ahead with the project. If it cannot be done, council intends to be in a position to tell the citizens of the borough that every avenue open to council was investigated fully.

The last action council took before adjourning was to direct Burgess Robert Kleppinger to write official letters of thanks from the borough of Fairfield to the seven fire companies that helped battle Sunday's blaze.

## 200 At Public Meeting

Nearly 200 persons gathered for the public meeting in the basement of the community building with the burgess acting as master of ceremonies.

Kleppinger, himself an employee of the burned out shoe company, told the crowd company officials have given assurance the building will be reconstructed and said they hope to absorb many of the company employees to help speed the rebuilding work. He said estimates vary from three to five months on the earliest date operations could be resumed.

He presented Fr. Francis McCullough, rector of St. Mary's Catholic Church at Fairfield, who spoke on the moral obligation of a citizen toward his neighbor and his neighbor's property.

"Grace of God and Firemen's Help" Then George Inskip, the supervising principal of the Fairfield school, emphasized the community-wide interest in industry for Fairfield and the importance of a progressive community program.

Burgess Kleppinger told the audience of the shoe company officials' concern for the "400 people out of work" and expressed the opinion that it was "only by the grace of God and the help of all the fire companies that our town wasn't wiped out."

The petition that later was signed by about a fourth of the people present was presented by Frank M. Moore and he said it had been suggested by a group of interested citizens earlier in the day.

## Say Wells "Polluted"

Someone in the crowd asked for a resume of the efforts of the borough to get a water system but Mr. Kleppinger said he was unable to give that information. He did say, however, that he understood when water and sewage systems were considered together the cost was "prohibitive" but that a current proposal to install only a water system may offer the solution.

Wesley Schaeble, Fairfield bank cashier, expressed the opinion that Fairfield "can't get a water supply until all the people want it and are willing to help pay for it."

A new note of urgency was in-

jected into the discussion by several who took the floor to report that most wells in the Fairfield area are polluted and that the school and the community building had to install water purification systems.

## Sees "Blessing In Disguise"

"This fire may have been a blessing in disguise," one man said. "No lives were lost but if it is the means of getting a water system for Fairfield it will be a benefit. An epidemic could be a lot more serious than the fire."

A large part of the crowd was made up of women of the community, many of them employees of the shoe factory until Sunday evening.

The citizens' petition to council follows: "We, the citizens of Fairfield, recognizing today as never before the very urgent need of an adequate supply of water for protection against loss of life by fire—not only of property but also of income as demonstrated by yesterday's fire—and possibly the loss of human life as well, do by our signatures respectfully petition the members of the town council of the borough of Fairfield to take prompt and vigorous action to remedy this situation by installation of a water system that in their judgment is proper and adequate to meet all demands upon it."

## Start Over On Annexation

Several other matters came before the monthly council meeting. It was decided to go ahead with annexation of the Bishop tract with the exception of the Beech and Willis properties. Another annexation proceeding about three years ago involved a larger tract but the annexation ordinance never was advertised or placed in legal force; council learned some time later. Now the annexation is being undertaken anew with some of the properties originally included now choosing to remain in Hamiltonian Twp.

John Beach, one of the owners involved, told council he would be more likely to agree to annexation if water or sewage systems are installed by the town.

## Consider New Ordinance

The council also took under consideration an ordinance which would give the state Highway Department the right to issue permits for opening ditches in state highway routes through the town and at the same time placing all responsibility for restoration of the street on the state. Council asked for more facts on the operation of such an ordinance before taking final action. Mr. Herring was directed to confer with J. William Kendelhart Jr., maintenance superintendent for the highway department in this county, on the matter.

Councilmen discussed plans for a special meeting before September on the water and annexation questions but the date for the meeting was not set.

The council meeting was held in the Fairfield bank building immediately after the citizens' gathering. The early meeting lasted about 45 minutes.

and one fireworks permit.

Chief of Police Jack Bartlett reported that two criminal arrests were made by his department during the month, one for disorderly conduct and one a morals charge. There were 12 traffic arrests, nine auto accidents investigated, one fatal accident, 84 complaints of which 74 required some action, 17 funeral and army escorts were provided, 21 cases in which assistance was rendered the state police, sheriff and others, four wallets were reported lost and three were recovered. One bicycle was reported stolen and one bicycle, reported stolen in June, was recovered during July. A truck tire was found, but its owner has not been discovered, Bartlett said.

## Other Reports Given

Fire Chief Donald Jacobs presented a report showing that the firemen answered ten alarms during the past month, two for calls in the borough and eight outside the borough. The equipment traveled 91 miles in connection with the fires. Fires were reported on July 7, 16, 18, 20, 21, 23, 24 and 31. They ranged from grass fires to barn fires to a rescue call to Orttanna.

Borough Treasurer John H. Basehore reported expenditures for the year so far total \$64,065, of which \$15,032.98 was spent during the last month. The borough has a balance of \$46,724.64 as of August 3.

Basehore's financial report shows the town entered July with a balance of \$39,926.71. Receipts during the month included \$25 from Justice of the Peace Robert P. Snyder, \$16.50 from the Annie Warner Hospital; \$19,000 from Tax Collector J. Herbert Weikert; \$2,150 from the meter fund and \$639.41 from Burgess Weaver, collected from various permits, theater tax, parking violations, etc. Total income was \$21,830.91, not including the balance. Expenditures included general government, \$2,153.23; tax collections, \$169.53; protection to persons and property, \$3,397.28; health and sanitation—Board of Health, \$201.28; highways, \$4,491.07; miscellaneous, \$4,000; light, \$620.59.

The committee will give three prizes for family groups, it was announced, as a result of the tie and almost tie.

The next reunion will be held at the South Mountain Fairgrounds Sunday, August 1, 1954.

Washington, D. C., Is  
Nearest Blood Center

BALTIMORE (AP)—The Baltimore Red Cross blood donor center shuts down August 31, making Washington the nearest blood center for Maryland.

Baltimore and 14 other collecting centers are being closed by the Office of Defense Mobilization. Forty-five regional banks are being maintained.

About 130,000 pints of blood have so far been donated at the Baltimore center from Maryland, Pennsylvania and Delaware.

Elkan Myers, chairman of the Baltimore Red Cross chapter, has indicated the 45 centers to remain open will be able to meet current needs of the armed forces and the gamma globulin campaign.

SEN. KNOWLAND  
ONLY CANDIDATE  
FOR GOP LEADER

By EDWIN B. HAAKINSON

WASHINGTON (AP)—Brushing aside some protests, Republican senators today set out to elect a permanent majority leader, with Sen. William F. Knowland of California the only candidate in sight.

And Knowland supporters indicated that Sen. Homer Ferguson of Michigan then would replace him as chairman of the Senate GOP Policy Committee.

A last-minute effort to delay the election—scheduled at a closed-door session to which all 46 Republican senators were invited—was beaten late yesterday in a contest that may open a breach in GOP Senate ranks.

## Led By Bridges

The delaying move was led by Senators Bridges of New Hampshire, who tops all Senate Republicans in seniority, and McCarthy of Wisconsin, who told reporters it would be "a serious mistake" to hold the election today.

Knowland met the challenge head on by quickly assembling the policy group. It was learned he told the committee he was unwilling to continue as acting leader. Knowland has been acting leader since June, when Senate Leader Robert A. Taft of Ohio unshouldered the task as his health weakened from the cancer which took his life Friday.

In the showdown yesterday, Sen. Millikin of Colorado acted as chairman and reported a "unanimous decision" by the policy group, with Bridges absent and Knowland not voting, to push ahead with the election.

Millikin produced letters of requests for a delay from Bridges, Capehart and Jenner (Ind.), Welker (Idaho), Malone (Nev.) and Bricker (Ohio).

Lining up for the election today were Millikin, Ferguson, Saltonstall (Mass.), Young (ND), Dworshak (Idaho), Margaret Chase Smith (Maine), Cordon (Ore), Hendrickson (NJ) and Schoepfel (Kan.).

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

FIFTY YEARS AGO

**An Ideal Camp:** About thirty members of the Masonic Fishing Club went into camp at Reek's dam at the junction of Marsh and Rock creeks Thursday. A number of the party are expert fishermen and already quite a large number of the finny tribe has been captured.

**Marriages:** Whittington-Felix.—July 30, in this place, by Rev. S. L. Rice, Joseph Whittington, of Steelton, to Miss Carrie M. Felix, of Cumberland township.

**Shindidecker-Troxel.**—Aug. 3, at Fairfield, by Rev. J. F. Mackley, Chas. L. Shindidecker to Miss Lulu M. Troxel, both of Liberty township.

**The Guards Return:** The members of the Independent Guard Company returned to Gettysburg Monday after spending a most delightful outing at Mt. Holly.

... The daily drills were witnessed by crowds of visitors and the boys were highly complimented on their military ability.

Several games of ball were played. On Tuesday the Guards' team crossed bats with the Mt. Holly nine, winning a victory over the Holly boys by the score of 16 to 12.

The Guards also played the Hummelstown A. C. team, being defeated by the score of 8 to 3.

The Gettysburg Drum Corps, under the command of Jacob Ramer, furnished excellent music for the occasion.

The report to the effect that several of the boys were disorderly is without foundation.

**Pope Elected:** Cardinal Giuseppe Sarto was elected Pope on the seventh ballot taken today at 11 o'clock.

**Disastrous Runaway:** On Thursday afternoon the sorrel horse belonging to Harry G. Deatrick, of Hunterstown, attached to a spring wagon, became restless while standing in the yard adjoining J. F. Hartman's implement house, in rear of the Globe Hotel, and started out the alley west of the hotel at a rapid pace. On reaching York street the animal headed towards home, narrowly escaping a collision with Hennigh's bakery wagon near the post office. It continued to run at a furious pace down York street, and Mrs. Charles Riggs, who was sitting on a chair at the curb in front of the house observed the horse coming and ran for the door. She had scarcely reached the door when the wagon struck the chair and demolished it. Had she not seen the animal approaching, she might have been killed.

In front of Thaddeus Welty's vacant lot the wagon struck a tree, causing the shafts to be torn from it. At the residence of Samuel Andrews the shafts caught on a hitching post, thus freeing the spirited animal from everything. The horse then ran into the furniture factory where it turned and came up York to Stratton street where it was caught. The wagon was a complete wreck, but the horse escaped without serious injury.

**Local Miscellany:** Again we wish to return thanks to our congenial friend W. W. Witherow for courtesies received while on fishing expeditions to Witherow's dam Thursday and Saturday.

Roasting ears are now becoming plentiful and are sold on the streets at 10 cents per dozen.

Dr. M. Valentine has moved from the Seminary to the house recently purchased by him from J. W. Tudor on Springs avenue.

The Colored Baseball team of this place crossed bats with the Hunterstown Giants on Nixon Field Saturday afternoon and won a victory over the team from the chair-making district by the score of 11 to 9.

**Personal:** Mrs. Harry S. Trostle and Mrs. Jacob Ramer and daughter, Nellie, were Hanover visitors last week.

Miss Bessie Weyand is visiting relatives and friends in York. Wm. F. Codori and daughter, Carrie, have returned from Atlantic City.

## Just Folks

By EDGAR A. GUEST

**INHERITANCE**  
Time was my father said to me: "Remember when I'm dead, You'll find that all I had to leave already's in your head. I hope your fortune will consist of lessons you have learned, And this is one I'd have you know: that money must be earned."

"I have to work for what I get, for that's the way of man, And while I live I'll always do for you the best I can."

But this is now my fondest hope: that you will prouder be Of every dollar you have earned than those you get from me.

"You'll find few stocks and bonds to share, but those you'll never need. In time you'll buy them for yourself if what I say you'll heed."

If willingly you've learned to work, you'll find when older grown A fortune earned holds greater pride than one that's not your own."

## Today's Talk

By GEORGE MATTHEW ADAMS

**LOVE THAT JOB!**  
Elbert Hubbard once wrote an inspiring article in which he stated: "Happy is that man who has found his work." People who have the sense and ambition to search for what best suits their love and enthusiasm, and have the will to relentlessly pursue that end, are the happy and successful workers in this world.

Love that job in which you are engaged and you will keep climbing upward. Hate that job and you will keep slipping backward. Happy work is always healthful work, for the complete will and purpose of the body enters into one work. It is persistence and thrills that keep the worker alive and awake to newer opportunities.

It doesn't matter how humbly one begins in the work of his choice. It's the fitness to that job that is significant. The worker becomes his own architect. It is his to win or lose.

Many years ago a friend of mine, who was then the advertising manager of Marshall Field & Company of Chicago, showed me a little book that used to belong to the founder of this famous store. In that book was a notation where he had hired a young man at \$12.00 a week—"more at the end of three months, if satisfactory!" That young man was John G. Sheild, later president of Marshall Field & Company.

Many another young man was trained in that store, rising to great responsibilities and fame, among them Selfridge, who founded that great London store known as Selfridge's. Love that job was uppermost with those who became great merchants, guided by the ideas and ideals of the founder. Similar instances could be named as notable in many a line of different character. Love that job is the secret!

Love is a precious substance. It performs miracles wherever placed, whether in business or in the running affairs of life. Love is what it is and nothing else. If doesn't play tricks. It's food to the soul.

Tomorrow Mr. Adams will talk on the subject: "Hope Is Always Alive."

Protected, 1953, George Matthew Adams Service

## Red Troops And Police Keep Food From Starving Germans

By RICHARD KASISCHKE

**BERLIN** (AP)—Thousands of hungry East Berliners swarmed into the city's Western sectors again Monday but Communist troops and police maintained a tight new Berlin blockade to keep free Western food from the rest of East Germany.

New reports of hunger riots filtered through from the blockaded East, where crowds stormed railroad stations and trains trying to get to the giveaway centers. Red police clubbed the mobs and fired over their heads to make the travel ban nearly airtight.

Though long lines once more queued for hours before West Berlin relief stations for the food parcels, most of those waiting were from East Berlin and border areas around the city.

**Ban On Traffic**  
Since Saturday midnight a tight Red ban on railway and highway traffic had kept other Soviet zone residents from coming to Berlin for food.

And though rail and road traffic between East and West Berlin was still open, Western officials feared the Communist police might confiscate the parcels of the returning East Berliners. The Reds stripped them from thousands during the weekend.

One estimate said 50,000 parcels were seized in 24 hours. Unconfirmed reports said workers in some of the Soviet zone's biggest industrial plants planned strikes and demonstrations against the travel ban.

**Reds Are Reinforced**  
This time, alarmed by the big June 17 revolts, Red police were reinforced everywhere to deal ruthlessly with strikes. Behind them stood Soviet Army tanks if needed. The ban on travel to Berlin tightened.

Mrs. Samuel Sheilds and Miss Rosa Sheilds are visiting friends in Shippensburg.

Miss Sarah C. Neely is visiting her aunt, Mrs. Schmucker, in Philadelphia.

Mrs. Peter Thorn returned Thursday from Martinsburg, W. Va., to which place she was called by the illness of her son, H. P. Thorn, who is afflicted with typhoid fever. Miss Crawford, of Hagerstown, is visiting her aunts, Mrs. Krauth and Miss Sallie Crawford, Chambersburg street.

peded unday's food distribution, for which 250,000 Easterners had been expected. Only 26,000 persons trickled into the city from five Russian-occupied provinces.

U. S. High Commissioner James B. Conant, visited the Red-surrounded city, denounced the travel ban as a "flagrant example of the callous disregard by the Communists of the welfare of the people of their zone."

Conant said he was "confident that Communist terror will not in the long run prove to be an adequate substitute for food." He announced the United States would supply 45,000 tons of food—parcels for nine million persons—in the next nine weeks, but declined to say what plans the Americans have, if any, for getting the packages through the blockade.

**Man Is Charged With Killing Wife**  
LEBANON, Pa. (AP)—Wilmar Doll, 39, was in Lebanon County jail today pending the outcome of a hearing on charges of killing a human being in mistake for game in the fatal shooting of his wife.

The shooting occurred last Friday near Richland, Lebanon County, where Mrs. Virginia Doll, 33, of Myerstown, was picking berries while her husband hunted ground-hogs nearby.

Dr. E. O. Moehman, deputy County coroner, said the woman was killed instantly by a .22 caliber bullet which hit her in the head. The charges against Doll were filed Sunday by Elmer J. Turner, district game protector.

**Says '54 Election Will Be Wide Open**  
SEATTLE (AP)—Gov. John S. Fine predicted Monday that the 1954 Republican race for governor in Pennsylvania will be a wide-open race with an unknown likely to be nominated.

The governor, here for the 45th annual meeting of the Governors' Conference, made his remarks to a Philadelphia Bulletin reporter.

"I have no candidate, Fine said, 'at least at this time.'"

Pennsylvania law prevents a governor succeeding himself but in the past the governor often has had

## PLAN TO LIST ITEMS EXEMPT IN SALES TAX

**HARRISBURG** (AP)—Just what items will be affected by the commonwealth's new sales tax, effective Sept. 1, is the subject of a series of conferences in the State Revenue Department this week.

The meetings, called by Secretary Otto F. Messner starting Monday, will spell out lists of goods exempt and non-exempt from the 1 per cent levy, designed to bring the state 125 million dollars in revenue in the next two years.

Representatives of retailers, manufacturers and industry will present their views at the conferences, which will all be held in Messner's office in the finance building. A representative of the Justice Department will take part in the proceedings.

**Book of Instructions**  
One of the problems to be worked out in the conferences is the preparation of a handbook of instructions on administration of the levy. Revenue officials already concede that many of the items covered in the law are on the edge of exemption. These will require official determination as to whether they are tax free or not.

The tax law itself lists a long series of exemptions. The revenue officials feel many other fringe items may reach the courts for a big role in picking his successor.

Fine told the newsmen "certainly no one allied with the several factions in the party is likely to be named as a compromise candidate, and a compromise candidate it was it needed."

His remarks seem to indicate that such possible contenders for the nomination as U. S. Sen. James H. Duff, Lt. Gov. Lloyd B. Wood, State Treasurer Weldon B. Heyburn and secretary of Internal Affairs William S. Livengood won't receive his support.

## Ray Anthony At Hershey On Saturday

**HERSHEY, Pa.**—Ray Anthony, whose orchestra will play for dancers at the Hershey Park Ballroom Saturday evening, ascended to his position as the leader of one of America's top dance bands via one of the greatest successions of record hits in the history of the recording industry.

At a time when singers were dominating the nation's waxworks, the name of Ray Anthony skyrocketed across the record market. This rise to fame came as a result of such platter successes as "Count Every Star," "Sentimental Me," "Can Anyone Explain," "Dreamer's Holiday" and "Nevertheless."

Although he stresses instrumental, judicial decision.

Among the fringe items cited by Messner as requiring a special ruling is ice cream. If it is a food it is exempt. If it is a confection, however, it is taxable. Messner added that the dictionary definition of ice cream calls it a frozen food.

**Exempt Food, Medicine**  
Specific exemptions include food, clothing, shoes, medicine on prescription, meals at public eating places, religious articles and water bought by a community.

The tax takes effect on all purchases over 10 cents, with purchases below that exempt.

After the taxable deductions are set forth, the department plans to issue an explanatory booklet for mailing to 250,000 retailers in the state around mid-August. The law requires retailers to register with the Department of Revenue. Blanks for that purpose will be mailed with the booklet.

## ITALY TO GET NEW PREMIER

**ROME** (AP)—A younger man from the right hand side of the middle of the road Monday began trying to form a new Italian Cabinet as pro-American Alcide De Gasperi walked out on the premiership he has held since World War II.

The sharp-faced Christian Democrat chief left for a mountain holiday after an hour's talk with his former deputy premier, Attilio Piccioni. The latter told President Luigi Einaudi he would try to weld a government together and began sounding out other political leaders, seeking support.

The pro-American De Gasperi, rather than vocal arrangements, Anthony carries two of the top singers in the business, Tommy Mercer and Marcie Miller. In addition, he backs up many of his arrangements with the choral work of the Skyliners.

## Shutout By Russ Meyer Over Braves Gives Brooks Long Lead; Yanks, Chisox Win

By BEN PHLEGAR

AP Sports Writer

This might be an appropriate time to wonder what Steve O'Neill thinks now of that roundabout winter trade that sent Russ Meyer from Philadelphia to Brooklyn by way of the Braves.

The Phillies' manager pooh-poohed the idea at the time that Brooklyn had traded itself into the pennant. But with the season two thirds gone, the temperamental right-hander's 11-4 record would look mighty good on the Phils' pitching roster, which seems to consist almost solely of Robin Roberts.

And you can bet your bottom dollar the Braves wince every time they remember that they engineered the deal.

### Second Straight Shutout

Meyer threw his second straight shutout at the Braves last night in Milwaukee, winning 1-0 in seven rain-soaked innings. He's beaten them four times this season against one setback. The victory moved the Dodgers 8½ ahead of second-place Milwaukee in the National League pennant race.

During the winter the Dodgers had designs on Meyer but they weren't able to pry him loose from Philadelphia until Lou Perini and the Braves, then still in Boston, stepped into the trading picture.

In a fast and involved deal the Braves got Meyer in exchange for first baseman Earl Torgeson and cash and then shipped the pitcher to Brooklyn for infielders Jim Pendleton and Rocky Bridges. Bridges was swapped immediately to Cincinnati as part-payment for first baseman Joe Adcock.

Meyer has turned out to be the real prize in the package. His 11 victories loom large in the Brooklyn pennant picture. The Braves got themselves a good first baseman in Adcock but the big fellow is hitting only .269. Torgeson has improved his hitting from last year but still is a good distance short of the best at .277.

Pendleton has played only briefly in Milwaukee and his hitting .235. Bridges' current average is .224.

Meyer not only pitched a shutout last night, he batted in the winning run with a single in the seventh inning. With a runner on second base and two out the Milwaukee board of strategy ordered an intentional walk for Billy Cox and took their chances with Meyer, who hit a Low Burdette pitch off second baseman Jack Dittmer's glove to drive in his first run of the season. He gave up four hits, struck out three and walked nobody.

Brooklyn has beaten Milwaukee 11 out of 15 games so far, including all six played in Milwaukee.

### Chisox Beat Senators

Meyer didn't own exclusive rights to good pitching in the majors last night. At Washington Billy Pierce of the Chicago White Sox gave up just two hits in a 1-0 triumph over Johnny Schmitz and the Senators. And at Cincinnati Joe Nuxhall of the Redlegs limited Pittsburgh to five hits in winning 5-0.

In other major league action, the St. Louis Cardinals whipped Philadelphia 8-3 and climbed within half a game of the third-place Phils. The New York Yankees smothered St. Louis' hapless Brownies 11-3.

Pierce's shutout was the fourth straight scoreless game in the Washington-Chicago series, which the two clubs split. The winning run scored in the ninth when Tom Wright was hit by a pitch, batted into shortstop Jerry Snyder while running on a sacrifice and continued to third as the prostrate Snyder dropped the ball. He scored after a long fly.

### Yanks Batters Browns

Dick Smith got two of the five hits off Nuxhall, who was given a two-run lead in the first inning and a comfortable margin in the fourth when Andy Seminick homered with one aboard.

The Cardinals routed Jim Konstanty with four runs in the first and added three more in the second inning. Wilmer Mizell coasted with a scoreless three hitler until the ninth when the Phils rallied with a twoprun pinch hit homer by Connie Ryan.

The Yankees maintained their five-game margin in the American League by battering St. Louis pitching for 18 hits. The attack included four triples and three doubles. Whitey Ford won his 12th game against four defeats.

### YESTERDAY'S STARS

Pitching, Billy Pierce, Chicago White Sox, struck out nine for major league leading total of 124 and gave up two hits in beating Washington 1-0.

Batting, Red Schoendienst, St. Louis Cardinals, singled twice and tripled, scoring two runs, as the Cards whipped Philadelphia 8-3.

## Plan Special Day At Williams Grove

WILLIAMS GROVE, Pa. — "Checkered Flag Fan Club Day" will be observed on Sunday when Roy Richwine presents the next regularly scheduled big auto car race of the 1953 season on the half-mile oval under sanction of the American Automobile Association.

Another field of guest drivers, including veterans of the Indianapolis classic, most of whom hold membership cards in the club themselves, are expected to turn in entries for the event giving recognition to the fan club for the second consecutive year.

"There has long been a need for such a club to promote the best interests of auto racing and through which fans can become personally acquainted with the drivers they follow over the Nation's speedways," Richwine explained.

Williams Grove is considered as the "home track" by members of the club since most of them reside in the Central Pennsylvania area, a fact which has resulted in Richwine granting the club permission to unfurl a flag bearing the Checkered Flag Fan Club's insignia on a pole which has been erected in the infield during the ceremony to be held during this week's racing card.

## HAAPALA PLAYS FIELD, HURLS

By The Associated Press

Elder "Hoppy" Haapala of the Eastern League Scranton Miners has more than one iron in the fire.

Last night he played five innings at his usual post in centerfield, then strode to the mound in the sixth, returned to the outfield for the seventh inning and went back to pitch again in the eighth.

He faced four batters and retired them all in a losing cause as the Miners were defeated by the host Binghamton Triplets, 9-1. Haapala also had three singles in four times at bat.

In other games, the visiting Elmira Pioneers sweated out a 15-inning slugfest to defeat the Williamsport Athletics, 9-6. Wilkes-Barre's Barons won at home in 11 innings over the Albany Senators, 4-3, and the Reading Indians blasted over the Blue Jays at Schenectady, 8-4.

CHICAGO, Ill. — Vantage (\$11.00) captured the Hammond Purse at the opening of Washington Park.

## SHANTZ HOPES NOT BRIGHT

PHILADELPHIA (AP)—The immediate pitching future of Bobby Shantz, the Philadelphia Athletics' pint-sized southpaw who has won only five games this season, is a big question mark today as far as Manager Jimmy Dykes is concerned.

Dykes, who derrickd Bobby when his arm stiffened in the fourth inning against the Cleveland Indians Sunday, said the little guy at 27 is too valuable to allow him to continue pitching if his arm isn't up to it.

"I don't know when I'll use him again," Dykes said yesterday. "But I do know it won't be until I'm quite sure his arm and shoulder are all right. Right now they aren't all right, no mistake about that."

Shantz has had a tough row to hoe so far this season with arm trouble which already has sidelined him for one seven-week stretch.

## VFW AND BREAM WIN 1ST TILTS IN SEMI-FINALS

The Veterans of Foreign Wars and the Glenn L. Bream Garage teams Monday night won the first games of the five-contest semi-finals in the community softball league.

VFW defeated the Moose 12 to 7 and the Garagemen defeated Texas Lunch 6 to 3 in the games played at Recreation Park.

VFW began its scoring in the first inning with five consecutive singles, starting with Roth and ending with Fazenbaker. The rally, which pushed across three runs, started after two men were out. The Moose came right back and tallied five runs on four hits. In that inning Bud Knox doubled with two men on.

The Vets added one more in the third on a home run to right by Buckley, then went ahead 7 to 5 in the fourth when they scored three runs, two on a round circuit clout by Staub with Fazenbaker on. The Vets then tallied one in the fifth and added four more in the sixth.

### Two Double Plays

Moose players had to wait until the bottom of the seventh to score again, when they secured two runs on three hits and a hit by the pitcher.

Both sides hit into double plays to end the game. Greiner, last man up for the Vets, hit into a double play and then in the Moose half of the inning L. Sachs struck into a similar double play to end the last inning quickly.

Texas Lunch had an opportunity to score in both the fourth and fifth innings of that game, but slow base running prevented the runs from getting across. Four runs by the Garagemen in the second inning clinched that game. Frazier walked, B. Kitzmiller got on by an error, Frazier stole third, and scored on a pitched ball. G. Kitzmiller struck out. R. Hankey doubled B. Kitzmiller home. Then Altomero tripled R. Hankey home and came in himself on an error by the catcher. Fair hurled a three-bitter and Bartholomew allowed only four hits during the contest.

The second games in the series will be played Friday evening.

### U. S. WOMEN WIN 17TH STRAIGHT

RYE, N. Y. (AP)—Great Britain's women tennis players have taken their annual shellacking at the hands of the United States, but they're not ready to throw in the towel.

"It's true this has been a one-sided series," said Col. Duncan MacAulay, captain of the British forces. "But it's wonderful competition. I think by all means we should continue it as it is."

There were suggestions in Great Britain recently that the international series in which Britain has won only four times since 1923 either should be abandoned or changed to make the humiliating

## Six Crewmen Prevent Serious Ship Blaze

CHESTER, Pa. (AP)—The quick action of two tanker crewmen prevented a serious fire at the Sun Oil Company's dock in nearby Marcus Hook.

A fire started on the dock yesterday when a temporary light circuit short-circuited. The flames spread along an oil drain pan and jumped to the 110,000-barrel-capacity Southern Sun, which was taking on a cargo of gasoline.

Chief Mate John Hand of Bordentown, N. J., ordered six crew members overboard and then, with the aid of second cook Ernest Stichter of Claymont, Del., manned a fire hose and checked the blaze.

The six crewmen were rescued from the river by other crewmen and dockhands. Damage to the tanker was slight.

## IDAVILLE LOSES LEAGUE CONTEST

Carmen Reid homered to win his own ball game in a pitchers' duel at Idaville Monday night, 1-0.

Reid, pitching for Newville, hurled four-hit ball against two hits allowed by Sterling Singley, Idaville twirler. But while the Idaville squad was unable to combine its hits into a run, Reid blasted one out of the park for a home run off Singley, the only score of the game.

Newville and Idaville are scheduled to meet again tonight in a Cumberland County League game at Idaville. If rain prevents, the game will be played there Thursday night.

Wednesday night the Shippensburg VFW will be at Idaville for a Cumberland County League game. Monday night Shippensburg Vets lost to Friendship 6 to 4 while Shippensburg Legion defeated Masland by the same score.

The line scores on the Idaville-Newville game follows:

## TENNIS STARS LEAD TOURNEY

YORK, Pa. (AP)—Form continued to hold in the 12th annual White Rose Open Tennis Tournament here as top-seeded entries—except Harrisburg's Gil Rothrock—continued third round play.

Rothrock was stalled in his bid for a third round victory yesterday when Griff Baugher of Baltimore held the Eastern champion, 6-4, in their second set after dropping the first, 9-7. Darkness halted play in the third set. The match will be completed tomorrow.

Meanwhile, third-seeded Jack Calkins of Bradford topped Bob Hulton, York singles champion, 6-3, 1-6, 9-7, in another tight match. Fourth-ranking Ray Stauffer of Harrisburg erased Fred Stiebler of Baltimore, 6-2, 6-0.

Also winning their way into third round competition were Glenn Miller of Lancaster and Charles Warden of Hantsville, Ala., who are seeded seventh and eighth respectively.

Miller took his match by default over Gene Hartzell of Harrisburg, while Warden defeated Dick Divet of Mount Joy, 6-2, 6-2.

Defending Champion Paul Hildebrand of Reading drew a bye.

## Senator Taft Was A Vigorous Worker, Had Many Enemies But Commanded Respect Of Millions

By JAMES MARLOW

WASHINGTON (AP)—Anyone who ever sat in the Senate gallery and watched Sen. Taft at work—and it made no difference whether you agreed with him—could not but think: "The people whose views he represents are lucky to have him fighting for them."

In his 15 Senate years no one worked harder or more earnestly there for what he believed than the Ohio Republican. And what Taft believed represented the views of many millions of people. Not necessarily always the same people. But always many millions on any issue.

In those years, perhaps the most critical in American history, there were enormous and often bitter differences of opinion in this country—ranging from the pre-war

draft and aid to Britain to the postwar problems of the United Nations, the Atlantic Pact and sending troops to Europe.

**Need Vigorous Opposition**  
Taft was in the thick of all those issues.

He was a healthy force in a democratic society which, if it is to survive and escape tyranny, must depend upon the vigorous airing of opposing views in order to arrive at intelligent majority decisions and, when necessary, reasonable compromises.

But while it seems impossible that anyone could dispute his energy or his earnestness, there can be no such unanimity on his judgment. On some of the most far-reaching Senate decisions a majority of his colleagues voted against him. They respected him,

listened to him attentively, and disagreed with him.

The stand he took on some of those issues poses important, but unanswered, questions of history. For example, where would this country—or the world be now if Taft had won out in his opposition to a draft in 1940—when this country had an ill-equipped army of only 275,000 and the Nazis were over-running Europe by the millions?

**Wanted Draft Killed**

And what would have been the result for this country and the world if Congress had listened to Taft one year later and killed the draft just four months before Pearl Harbor?

Taft sternly denied he was an isolationist. But the effect of some of his views, if they had prevailed, would have been to isolate this country far more than it is now.

For one thing, he opposed the legislation which made this country a member of the United Nations. He was against the Atlantic Pact which put this country into military alliance with Western Europe against Russia.

He seemed much more in tune with majority American thinking on domestic issues. In that field he probably will be remembered longest for the Taft-Hartley Labor Relations Act which he fathered in 1947 to replace the old Wagner Act passed under President Roosevelt in 1935.

**Had Minor Enmity**

The Wagner Act was loaded on the side of organized labor. Organized labor claims T-H is loaded on the side of the employers. But at least T-H guarantees employers various kinds of protection which the Wagner Act did not.

Taft knew he'd make enemies of union leaders with T-H. And he did. But, judging from his overwhelming re-election in Ohio in 1950, it was an enmity which didn't hurt him.

## STATE WORKERS' RETIREMENT PLAN CHANGED

By LEONARD A. UNGER

HARRISBURG (AP)—A new law spells the end of "death-bed" retirements for state employees in Pennsylvania.

It now provides that state workers 60 or more years of age with at least 25 years of state service can now file a retirement form which will go into effect upon actual retirement or upon death.

It will entitle the worker's family to not only his contribution to the state retirement fund but also the state's matching share.

Until now, the matching share had been withheld from an otherwise eligible state employee if he died while still on the job.

The loophole in the old law led to what is known as a "death-bed" retirement.

**Could Lose Money**

The anxious family of a dying state worker obtained the needed signature to a retirement form, mailed it immediately and hoped that the postmark was dated earlier than the death certificate. If the family won the race of the postmark, it received the state's matching share. If not, it lost several thousand dollars.

Fred Davies, assistant secretary of the State Retirement Fund, expressed gratification at passage of the new law.

"Besides ending the race of the postmark, it will remove the advantage of state employees 'in the know' from taking advantage of a practice a lot of other state employees didn't know about."

Davies emphasized that the practice had been legal, adding:

"If the postmark was dated in advance of the time of death as listed on the death certificate, we had to pay the state's matching share under the law," he told a newsman.

**One "Backfired"**

One instance is known where a "death-bed" retirement backfired. The family obtained the retirement signature from the critically ill breadwinner whose chances for survival had been given up. The breadwinner recovered to the surprise of his family.

He returned to his desk only to find it occupied by another person—a replacement made during his "retirement."

The new law also provides that the state's matching share will be paid to families of eligible state employees who died since Jan. 1, 1950. The provision is expected to take care of the widows of two appellate judges who died suddenly since then without "death-bed" retirements.

**Father Of Three Is Held In Man's Death**

SUNBURY, Pa. (AP)—Harold Frederick Diehl Jr., 26, today faced manslaughter charges in connection with the death of William Lenig, 56, Sunbury construction worker.

Diehl is charged with striking Lenig in the face Saturday night and causing the man's death, said Clifford Gass, Sunbury police chief. Diehl, father of three children, and his wife were walking down a street in Sunbury, Gass said, when Lenig approached from the opposite direction.

Gass quoted Mrs. Diehl as saying Lenig muttered something. Diehl struck him. Lenig fell to the ground and was rushed to the Sunbury Community Hospital where he died six hours later.

Northumberland County Coroner Sidney Kalloway held an inquest Saturday night. He fixed the blow as the cause of Lenig's death.

## 83rd Congress Adjourns At Midnight With Mixed Record And Many Hot Potatoes In Bin

By DON WHITEHEAD

WASHINGTON (AP)—At the stroke of midnight, the Republican-controlled 83rd Congress wrote final to a mixed record of action and lethargy in helping President Eisenhower fulfill his campaign pledges.

But the lawmakers left behind for their second session beginning Jan. 6—or a possible special meeting this fall—an imposing list of key measures which will make or break their record.

Many of the hottest potatoes, including some of the President's recommendations, were simply left in the bin. Others, on the advice of the President, were handed to study commissions for closer scrutiny.

**Only A Beginning**

This first session—of the first Congress in two decades to be Republican-controlled while a Republican was in the White House—made a firm start toward edging away from the Democratic party's New Deal and "Fair Deal" philosophies.

But even Republicans conceded it was only a start, and much of it at that achieved only with Democratic aid.

Eisenhower will give the nation his own estimate of this session's achievements in a radio broadcast Thursday, from 8:30 p. m. to 9 p. m., EST, to be carried by all major networks and possibly re-broadcast later.

**Letters Of Thanks**

Last night he sent letters of "warm thanks and appreciation" to the House and Senate for the long hours they put in.

There was no hint in the letters of any chagrin over his biggest legislative misfire: a plea to boost the statutory debt limit.

But there was a hint, or appeared to be one, of no intention to call a special session in the fall. With the debt now 272½ billion dollars and more borrowing predicted, Eisenhower's fiscal leaders had been insistent that the statutory debt limit be raised from 275 billions

to 290 billions.

**Special Session Likely**  
A special session in October or November was obviously in prospect. But Eisenhower said in his letters to the members of Congress "I look forward to seeing all of you again in January . . ."

When the Senate Finance Committee killed off the House - approved debt limit proposal Saturday, both houses lit into their race for early adjournment again. Official windup time for the Senate was midnight local time. Actually it ran 39 minutes longer, but the adjournment resolution made midnight the final hour.

**Dozen There At Close**  
The end came in the House at 11:07, just three minutes before Sen. Morse (Ind-Ore) began a speech in the Senate attacking the Eisenhower administration's power policy. About a dozen senators were still on hand at the final gavel.

But the end didn't come in the House before an angry debate over a resolution to open the way for members of Congress to give themselves a pay raise.

The House approved the resolution 171-28—without a record vote—setting up a commission which would recommend the proper salary level for congressmen and members of the judiciary. Congress would have to vote on the commission's report.

**Tribute To Taft**  
The final logjam was broken when the Senate gave way to House demands to cut out of an appropriation bill 12½ million dollars which had been earmarked for airport construction. That cleared the way for quick passage of the measure appropriating \$1,086,000,000 for the State, Commerce and Justice departments.

In the closing hours that included a pause for tribute to the late Sen. Robert A. Taft (R-Ohio), Congress pushed through final agreement on a huge 53½ billion dollar program to finance the spending of the government and

## ALIBI FAILS ON FIREWORKS STUNT

SEATTLE (AP)—John B. McBay, 33, was brought into court on a charge of setting off fireworks in violation of a city ordinance.

This was the explanation he gave Municipal Judge John H. Neergard:

He had a cigarette loose in his pocket. He also had some leftover Fourth of July firecrackers—small red ones.

He reached for a cigarette and unknowingly got a firecracker. He put it in his mouth, lit it, heard it sputter, frantically threw it away.

"And up walks the officer and arrests me," McBay concluded.

One minute of silence. "Twenty-five dollars," says the judge.

## Too Many Cops Spoil Radar Test On Traffic

NORTH SMITHFIELD, R. I. (AP)—The effectiveness of a radar-equipped car designed to detect speeding motorists couldn't be proven in a demonstration yesterday.

State police, motor vehicle officials and traffic safety leaders awaited an offender on which to test the mechanism on a four-lane highway. But all cars passed at acceptable rates of speed.

Two troopers, unaware of the test, were checking speeders one mile up the highway.

**NAME BAND WINNERS**

PITTSBURGH (AP)—Claysburg's Band was rated the best in Class A in the big parade winding up the Pennsylvania American Legion convention. Chambersburg placed second.

Bellefonte won in the Class B bands division with Homestead of Pittsburgh second.

Meyersdale topped the Class C drum and bugle corps division followed by Somerset, Swickley, Millersburg, Johnstown and Carlisle.

the armed services in the year which started July 1.

The bill was trimmed but not enough to balance the budget.

The outlook is that despite the cuts there will be a whopping \$5,800,000,000 deficit at the close of the fiscal year.

## WINS RIGHT TO \$750 INCOME

NORRISTOWN, Pa. (AP)—A former Canadian manicurist's right to a \$750 monthly income from the inheritance of the son of a wealthy coal mine operator has been upheld in Orphans Court here.

Judge J. Burnett Holland ruled yesterday that Lafayette Lentz, 70, clubman and heir to the million-dollar estate of his father, the late William O. Lentz, must fulfill the assignments he made in 1950 of his inheritance to the former manicurist, Mrs. Marie Jeanne Laura Beaugard.

Lentz, at the second accounting of his father's estate, sought to have the assignments set aside. He contended that he made them because he feared legal action from Mrs. Beaugard, whom he met in 1938 while she was a manicurist at the Manor Richelieu, Murray Bay, Que. Lentz had married his present wife Germaine, there while they were both vacationing at the hotel in 1920.

Judge Holland wrote in his decision:

"What legal action he feared is beyond the comprehension of this court. . . . She could not sue him for maintenance of any character, because under the law he owned her none. Their relationship was entirely unlawful as well as immoral and by the same token she owed him absolutely no fidelity. That he feared any suit against him was sheer nonsense."

Mrs. Beaugard, 43, now lives in suburban Wynnewood.

HAMBURG, Germany (AP)—The freighter American Clipper, third ship to bring American food for East Berlin and the Soviet zone relief program arrived here today.

The 8,228-ton vessel carried 1,600 tons of lard, flour, skimmed milk and beans. This brought relief food stocks shipped so far to Hamburg to 4,400 tons.

## SMOKE CONTROL

(Continued from Page 1)  
 when we don't know the whole story?"

Final decision of the group was that the Highway Committee and the president of council should make final decision on the appeal.

**To Place Street Light**  
 Council decided to place a light on Howard St., south of High St., at a location that conforms with the agreement with the Metropolitan Edison Company. Six new houses have been constructed on the street and a seventh is starting today, council was told. The light will be about 360 feet from the last present light.

Council learned that an engineer from the Reading Railway com-

pany has been here to study the drainage problem on Buford Ave., but has not reported to council or its representatives what plans his company may have relative to the railway company's plans to provide additional drainage away from Buford Ave. As a result, council voted to send another letter to the railroad to ask "some action."

The cutting of weeds on various properties was discussed and councilmen said they were asked by residents: "Why are some people forced to cut weeds while others are not?" Burgess William G. Weaver responded: "I don't know where the weeds are. We can act only on complaints. When we get them we send out a notice to the owners to ask weeds."

## Vote Money For Fire Hose

A donation of \$1,573 was made to the Gettysburg Fire Department for the purchase of 1,200 feet of hose. Burgess Weaver, as president of the fire company, said the firemen had had a bid for 700 feet of inch and a half hose and 500 feet of 2 1/2 inch hose for \$1,573 from Gettysburg Autoparts. Delivery will be made in 20 days, he said.

The health committee was instructed to investigate a complaint made by Wilbur Henninger, East Railroad St. concerning a drain to the rear of his home. Councilman John Fox said the drain was filled with a scum which he believed came from the Burgoon and Yingling plant. Fox said: "It's the worst odor I've ever smelled."

President Oyler suggested that the rotting pea vines "probably are what is making the odor in Rock Creek now."

**Tells of Colt Park Plans**  
 S. Blaine Miller, of the Colt Park Development Co., presented a map showing proposed extensions of Highland Ave. and Johns St. by one block to a proposed street extending west from Steinhilber Ave. The plan was submitted to committee and the borough solicitor instructed to draw up the proper ordinances for ordaining the streets. Miller said the map showed the proposed new street extending into the land now owned by the school district and said: "If we get the land back we should extend the street through that section." Councilmen said that matter would have to be taken care of later when final disposition is made of the land acquired by the school board in the Colt Park area.

Mr. Weinbrener reported that the Tiber has been cleaned by borough employees and that cleaning operations will begin this week on "the run at the school house."

He added that so far the mosquito eradication program seems to be working well, with the project costs, so far, \$1,998.88 for the sprayer, \$238.19 for materials and \$35.70 for labor. He added that "The people of the town could help with the mosquito eradication program by using one pound of DDT mixed with water and sprayed in their cellars. A lot of mosquitoes are harbored in damp cellars and we can't get them by spraying outside."

After some discussion council voted to send notice to Clyde Berger to "clean up his lot to the rear of Goldsmith's on West St." and ordered Berger to place a sidewalk along that property, from Goldsmith's to the Recreation Field.

**To Pay Budgeted Sums**  
 Council voted to pay the donations of \$1,000 to the Recreation Association and \$600 to the Adams County Free Library as provided in the original budget.

Winebrener was authorized to round the corner curb at Third and York Sts., and was directed to paint a "safety island" at the corner of a service station there "so it will be more visible to motorists."

Winebrener reported that a new sidewalk has been constructed at the Blosser Shoe Company that is in grade with the sidewalks it joins but is not in line with the grades established for the town. Council held "it would be a shame to take up the new walk," and directed Winebrener to notify the shoe company that its walk is out of grade, explaining that in that way, the walk could remain, but if it is ever replaced, it should be according to the proper grade.

# Dulles Faces Difficult Time First With Syngman Rhee And Then With Chinese Communists

By JAMES MARLOW

WASHINGTON (AP)—Secretary of State Dulles' trip to South Korea is the beginning of his time of troubles, first with President Syngman Rhee, then with the Chinese Communists, and later perhaps with America's allies.

Since the Chinese were not the vanquished, but only the other side in a stalemate war, they don't have to yield anything at the peace conference opening in the fall. It would be astonishing if they did.

Their plans are the opposite of this country's. But if they could be softened by anything Dulles said, which seems out of the question, he could hardly have had a softening effect on them with what he's said already.

**Opposes U. N. Admittance**  
 He's notified them, by way of a public statement, that he'll oppose their admittance to the United Nations, if that's what they have in mind. He could not have said much else since Congress formally opposes their admittance now.

And if they're not showing signs of doing business within 90 days after the conference opens, Dulles said, this country will walk out.

What does Dulles want from the Red Chinese? Their agreement to let North and South Korea be united, for one thing. Dulles is thinking of unification under the friendly government of Rhee's South Korea, not under communism.

Since America and her U. N. allies fought the war to prevent just that.

But, since the Communists fought the war to unify Korea under them, and since the war didn't force the Chinese out of Korea, unification is a problem Dulles will hardly be able to solve easily.

**May Make Concessions**  
 If the Chinese were willing to make some major concessions—in return, of course, for something they wanted more—one yet knows what major concessions they'll demand.

The Chinese Communists might, for instance, want the island of Formosa, claiming as they have that they are the only rightful government of China and therefore have the only lawful claim to the island.

But there would be a wild scene in Congress if Dulles agreed to anything like that. Formosa is the last refuge of the Chiang Kai-shek Nationalist government, which claims it, not the Communists regime at Peking, is the real Chinese Government.

**Won't Abandon Chiang**  
 Since the United States has been helping and "protecting" Chiang, who has had very vocal support in Congress, it's unrealistic to think Dulles would even consider abandoning Chiang. Besides, Formosa is an outer Pacific defense

point for this country against the Chinese Communist mainland.

IKE AND CABINET  
JOIN GOVERNORS  
IN TALKS TODAY

SEATTLE (AP)—President Eisen-  
 hower and Cabinet members joined  
 44 governors today in a roundtable  
 discussion—and perhaps some  
 questioning—on the stewardship of  
 the nation's natural resources.

Eisenhower was strictly a listen-  
 er last night as Secretary of the  
 Treasury Humphrey spoke before  
 the glittering, flag-bedecked state  
 dinner of the National Governors  
 Conference and—

1. Defended what he called the  
 administration's "honest dollar pol-  
 icy." He said that higher interest  
 rates benefit everyone, not just a  
 few bankers.

May Be Special Session  
 2. Declared "we are going to do  
 the best we can to get by" on the  
 present 275 billion dollar debt limit  
 until January, adding:

"If we can't we'll have to call  
 a special session" of Congress.  
 The House passed but the Senate  
 decided to hold back the adminis-  
 tration bill to raise the debt limit  
 to 200 billion before Congress ad-  
 journed last night.

Noisy Ovation  
 Eisenhower received a noisy ova-  
 tion from the predominantly Rep-  
 ublican governors when he walked  
 briskly into the formal social gath-  
 ering a few hours after his arrival  
 by plane. In white dinner jacket  
 and black tie, he had a smile and  
 a handclasp for each of the gov-  
 ernors introduced by host Govern-  
 or Arthur B. Langlie. To some he  
 waved.

The President planned to visit  
 his brother Edgar, a lawyer in  
 nearby Tacoma, late today. He will  
 fly back to Washington tonight.  
 Secretary Humphrey emphasized  
 anew in his speech last night that  
 the administration does not have,  
 and never has had, a hard money  
 policy, as some Democrats have  
 charged.

"Instead of hard money," he told  
 the governors, "the goal of this  
 administration is honest money."  
 "By honest money we mean  
 money that will buy as much next  
 week, next month and next year  
 as it will buy today."

Four Are Killed  
In Auto Accident

FLEMINGTON, N. J. (AP)—A car  
 ran off the Millford-Frenchtown  
 road, plowed through a ditch and  
 rammed a concrete bridge abutment  
 on Sunday, bringing death to  
 four persons and injuring three  
 others.

Killed outright in the mishap in  
 nearby Alexandria Township were  
 Raymond W. Harrison, 22, of  
 Stockton, whom police identified  
 as the driver, and Kenneth L.  
 Laux, 17, of Pipersville, Pa.  
 Charles Weaver, 13, of Erwinna,  
 Pa., and Roy Hart, 17, of French-  
 town, died later in Hunterdon  
 County Medical Center.

Those hurt were Harry Haraszko,  
 17, Flemington; and Richard  
 Manchester, 16, and Jack Bitten-  
 master, 17, both of Frenchtown.  
 The hospital reported Manchester  
 and Bittenmaster in critical condition,  
 and Haraszko as fair.

AP Reporter, 49,  
 Expires On Monday  
 WASHINGTON (AP)—Francis J.  
 Kelly, an Associated Press report-  
 er for 19 years, died Monday after  
 a long illness. He was 49.

A native of Neosho, Mo., Kelly  
 joined the Associated Press at Okla-  
 homa city April 1, 1934. He was  
 transferred to Washington Sept. 29,  
 1940, and was assigned to the Sen-  
 ate staff in 1942. He helped cover  
 the 1944 and 1948 political conven-  
 tions, handling "color" stories, a  
 type of work he often undertook.  
 Since last December he had been  
 assigned to the Associated Press  
 Newsfeatures staff in Washington.  
 He had been in failing health  
 since July 1947. Death was due to  
 a rare disease, lupus erythemato-  
 sus disseminatus, attacking the  
 connecting tissues of the heart and  
 kidneys.

Harney  
 HARNEY—A picnic was held at  
 the Recreation Park in Taneytown  
 recently for the children of the Pri-  
 mary Department of St. Paul's Sun-  
 day School of Harney. Games and  
 contests were played. Refreshments  
 were served.

Mr. and Mrs. George Valentine  
 visited with Mr. and Mrs. Abram  
 Crushong of Taneytown.

Mr. and Mrs. Harry Cline visited  
 Mrs. Cline's sister, Mrs. Harvey  
 Wantz, Tuesday evening.

Mrs. Ella Null, of Baltimore, spent  
 Tuesday night and Wednesday with  
 Mr. and Mrs. John Waybright and  
 family. She also called on her sister,  
 Mrs. Ruffe, at Motter's Station, and  
 Mr. and Mrs. Oliver Waybright.

Miss Shirley Valentine spent  
 Thursday with her friend, Vera  
 Koonitz, of Kingsdale. Donald  
 Koonitz spent the day with Garry  
 Valentine.

Miss Sally Brown, of Littlestown,  
 is spending a week with her grand-  
 parents, Mr. and Mrs. Harry Clutz,  
 and with her uncle and aunt, Mr.  
 and Mrs. Daniel Yingling. Audrey  
 Yingling spent Thursday night with  
 her at the Clutz home.

Most people who find eye dis-  
 comfort when looking at television  
 have eye defects which should be  
 treated by a doctor, says the  
 Better Vision Institute.

There May Be Some  
Honor Among Thieves

DENVER (AP)—Apparently there  
 is honor among some thieves.  
 Burglars broke into an auto wash  
 garage here yesterday. They did

not touch four jars crammed with  
 coins over displays of peanuts and  
 cookies. A sign nearby said: "Hon-  
 or system."  
 But they broke open a cigarette  
 vending machine and took an un-  
 determined amount of money.
